If you have more than one affiliated peer education group on your campus, we must receive this charter renewal form from EACH GROUP. We recommend that the advisor and a student leader complete the form together. It is a great way to evaluate what you have accomplished and plan for the future.

If you are no longer the advisor for the peer educator group, or you would like to transfer your affiliate membership to another organization, please forward this form with explanation to the new advisor on your campus immediately. If your peer education group no longer exists, please let us know that as well.

If we do not get any response from the campus contact advisor, we will ask the chief student affairs officer from your campus to assist us in determining the status of your group. Groups failing to return this form will be removed from the Network mailing list and no longer receive The Peer Educator™, campaign materials, or other FREE resources. SINCE WE CHARGE NO AFFILIATION FEE, we look forward to a speedy return of this vital information.
